

Indianapolis

THE PRIORITIES

- Provide equitable access to integrated academic and career experiences that allow students to enroll in, persist in, and complete high-quality career pathways
- Ensure students have the academic preparation to succeed in career pathways
- Increase employer engagement in work-based learning experiences for students in priority industry sectors

THE TEAM

EmployIndy	Indianapolis Public Schools
Indianapolis Public Schools	Indiana University-Purdue University Indianapolis
Indiana Department of Education	Governor's Workforce Cabinet
Ascend Indiana	Indiana Commission for Higher Education
Ivy Tech Community College	

THE BIG BETS FOR YEAR THREE (April 2022 – April 2023)

- *Drafted career advising framework and identified model for framework delivery.*
- *New reports and documented processes enable ScholarTrack data to inform the design of real-time interventions.*
- *Increase number of high-quality pathways across IPS, Ivy Tech, and IUPUI, according to New Skills Ready Network Collaborative definition.*
- *Blueprint for implementing a pathway that enables attainment of an Associate's degree in Year 13.*
- *Landscape analysis: Supply and demand for teachers credentialed to teach advanced courses and policy recommendations for January 2023 legislative sessions.*
- *Work-based learning brief that enables employers to make informed decisions about their engagement with secondary and postsecondary students and MOU Template around work-based learning referral mechanisms and reporting structures.*
